

COBRA CAR CLUB W.A.

2016 ANNUAL SHOW N' SHINE. 3RD APRIL 2016 WORDS
AND PHOTOS BY GRAHAM ULLOCK.

WEATHER FORECAST : Perfect Cobra weather. 33 deg. Light winds, no clouds, beautiful, so bring the slip-slap-slop.

Tents set up early by the willing group of helpers, to

provide the members and guests with the necessary shade, and to house the chairs and refreshment eskys, with Alan at the helm, making everything happen to plan.

Centrepiece of the display is set up with the necessary fuel bowers, and other motoring paraphernalia as needed, to make the site a motoring scene from the 1960's.

A

welcoming tent was set up at the entrance to the display, to encourage showgoers to come in and ask questions about the cars or the club. This was manned all day long with a rolling changeover of members to ensure that there was someone in attendance to talk to, all day.

This is the impressive view that greeted the showgoers, as they passed through the entry, and on into our very professional and spectacular display.

Row after row of beautiful cars in all different colours, and sparkling in the sunshine

Twice during the day, we gave a spectacular noise display by starting up all the cars at once and giving them a 1 minute revup, which the punters loved.

Following is some general photos of the display.

The engineroom of Ricky's spectacular GT40 created a lot of discussion.

At about 11am, the ladies all headed off for a “high tea “ at one of the members homes, not far away.

I am sure all the guys will join me in thanking the ladies , for bringing back some food for us, for lunch.....Much appreciated for thinking of us.....

Club Secretary Vicki was gathering details of all the cars, and giving each one a number for the Public choice and members choice awards.

During the afternoon, our cars were blessed with a visit from the local Chinese Dragon, which was doing its dance through the stalls.

At about 4 pm, we started to pack up, and everyone was heading home by about 5pm, after a great day.

Unfortunately, a lot of the club members missed it, but there is always next year, and I would encourage everyone to support this most important Club event to the fullest.

Thanks to John (below) and his merry band of helpers, for organizing another very successful and professional Club event.

Graham Ullock.....
